A typical day at the Galopins :

> The pick-up and drop off times are :

Morning :	8h45 – 9h30 :	drop off
	12h – 13h15 :	pick up
Afternoon :	13h-13h30 :	drop off
	16h30 – 17h15 :	pick-up

> Our Sundays (and sometimes Mondays) are dedicated to a warm welcome for the children.

As such, the activities planned during the morning and afternoon are calm (particularly as we are aware that the children are often tired after travelling and then find themselves in a strange place with new people)

> For the rest of the week the activities are mainly outdoors in the snow !

Your child is booked into the Baby-Club or Kids'-Club (without ski lessons), the day will be something like this (as an exemple) :

Morning :

- indoor games, learning activities, coordination games
- outdoor games, walks, sledging, making snowmen
- 11h30- 12h30 : meal time for those who have booked (the others continue their games etc)
[meal supplied by an outside caterer : starter, main course, dairy product, dessert]

Afternoon :

- a sleep for the children who require (we have a special quiet room for sleeping)
- arts and crafts, learning games, coordination games, ... outdoor games, walks, sledging, snowmen ;
- 16h00 : afternoon tea - a snack supplied by the Galopins (except if your child is allergic to cake, please supply your own).

Your child is booked into an allinclusive „Ski Lessons + Kids'-Club“ formula, the day is set up around the times of the lessons.

- Outside the ski lesson times the children will follow a program as above with indoor and outdoor activities.
- For the lessons, the Galopins will take care of the changeover between the Galopins and ESF or vice versa depending upon the formula you have chosen.
